ABUS Kransysteme GmbH - P.O. Box 10 01 62 - D-51601 Gummersbach - Phone: +49 2261 37-0 - E-Mail: info@abuscranes.com
ABUS jib cranes can move loads of up to 6.3 t effortlessly and safely. With two lifting speeds, they carry out their work efficiently and carefully. Depending on the load capacity, the jib crane arms can be up to 10 m long.

Taking the load

Various Mounting options

Movement in Easy

Supplementary equipment makes the decision for more flexibility in the workplace even easier. Powered drives for trolley travel and slewing relieve some of the workload and a radio remote control creates additional flexibility.
